CHRISTIANITY CRIMINALIZED?

It's true!

Christianity is being rebuffed, maligned, and criminalized by a growing group of powerful people in America who are portraying believers as villains in our culture. While we as Christians simply want to be nice, hoping to win souls for Jesus, we are being vilified instead for believing in something larger than our government and its leaders.

Progressive humanists are saying:

- The Bible promotes "hate"
- Parental authority prevents progress
- The government is greater than God

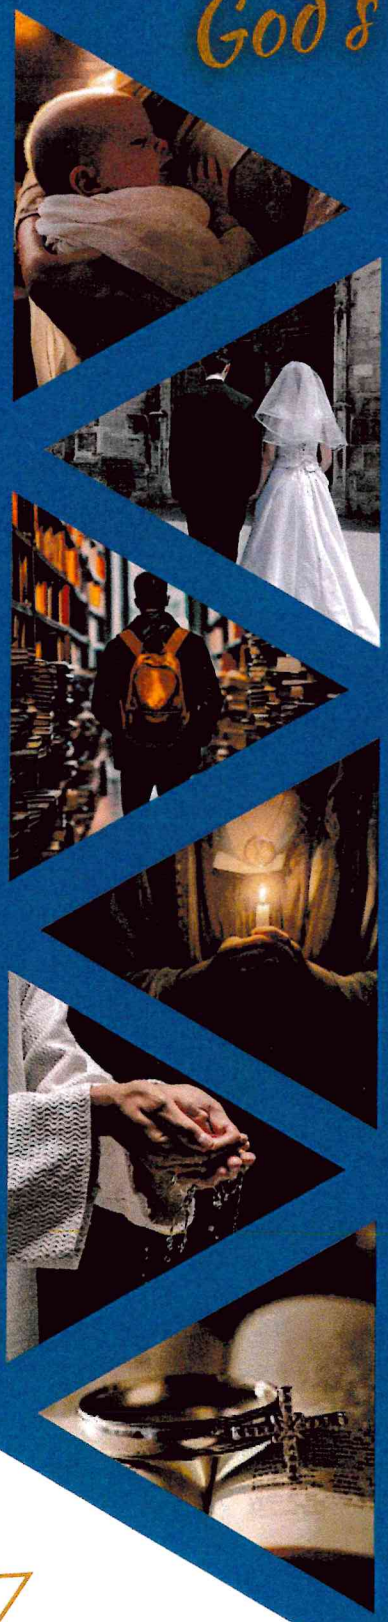
There are powerful people who want to take away some of our fundamental American rights:

- Religious Freedoms
- Right of Conscience
- Sanctity of Life
- Say in Children's Education

We cannot let these freedoms die or America as we know it will die as well. We need champions in the church who will stand up for our God-given rights as citizens of this country. ***With God, there is a better way.***

ENGAGING IN CULTURE

God's way!



God provides the way for Christians to engage the world through Scripture and reason. It's the same way He engages us.

God seeks to preserve the world for a time, so that He can save those who believe in Him. Those are two distinct ways that God works– He preserves and He saves.

God can use us as parents, citizens, law enforcement, and governing agencies to preserve the foundation of America. ***We can be Champion Public Servants,*** working to preserve our great country that was founded on Biblical principles.

God uses His Son Jesus, and the power of His Word to save us from our sinful nature and the negative impact that can have on our world. ***We can be Champion Witnesses***, working to spread the message of salvation in Jesus and the freedom found in Him!

BECOMING A CHAMPION

Seeing the need for public servants to link arms and become a stronger voice in culture, The Lutheran Center for Religious Liberty created The Champions for Religious Liberty Network. Together, this passionate group of Champion Citizens can be a powerful solution to a powerful problem.

Individuals and groups begin with ***The Champions Academy***. These Champion Citizens will learn together, support one another, and begin to put plans of engagement together using our academy resources.

Churches can support their members by participating in ***The Champions Church.*** We work with pastors and leadership and help provide extra support for their Champion Citizens.

On a larger scale, we offer ***The Champions Network*** as a support structure for Champion Citizens and Champions Churches. This nationwide Network provides opportunities to connect and support one another from community to community, state to state, and coast to coast.
