THE STATE OF THINGS

CHRISTIANITY CRIMINALIZED? *It's true.*

Christianity is being culturally challenged, maligned, and rebuffed by a growing group in America. While Christians simply want to be kind and win souls for Jesus, we are vilified instead — for believing in something larger than government and its leaders.

WHAT PROGRESSIVE HUMANISTS SAY

- ◆ The Bible promotes “hate”
- ◆ Parental authority prevents progress
- ◆ The government is greater than God

FUNDAMENTAL RIGHTS AT STAKE

- ◆ Religious Freedoms
- ◆ Marriage as Institution
- ◆ Sanctity of Life
- ◆ Say in Children's Education

We cannot let these freedoms die or America as we know it will die as well. We need champions in the church who will stand up for our God-given rights. **With God, there is a better way.**

TWO-KINGDOM DOCTRINE

ENGAGING IN CULTURE *God's way.*

LEFT-HAND KINGDOM

CHAMPION CULTURAL SERVANTS

God uses us as parents, citizens, and leaders to **preserve the foundation principles** of America — a culture founded on Biblical principles.

RIGHT-HAND KINGDOM

CHAMPION WITNESSES

God sent His Son Jesus and the power of His Word to **save us** from our sinful nature. We spread the message of salvation and the freedom found in Him.

THE NETWORK

BECOMING A CHAMPION.

Seeing the need for cultural servants to link arms and become a stronger voice in our culture, the Lutheran Center for Religious Liberty created the Champions for Religious Liberty Network — a faithful solution to a powerful problem.
